

LOVE YOUR TREE

Cultivating Compassion Through Art

PROGRAM OVERVIEW

Love Your Tree is a national arts-based program for people of all ages focused on cultivating self-compassion, body acceptance and positive mental well-being through creativity, community connection and self-reflection.

For the past 15 years, *Love Your Tree* has focused on highlighting body diversity and has helped thousands of participants use art to embrace positive body image for themselves and others. In 2021, *Love Your Tree* is growing in new and wonderful ways that provide new content and make room for a celebration of diversity that extends beyond body image to overall mental wellness.

The tree is a universal symbol for growth, resilience, strength and the beauty of individual differences and diversity. Just like humans, every tree in the forest is unique, yet trees remain connected to one another and the world around them in powerful ways. Through participation in *Love Your Tree* (LYT), people of all ages are encouraged to explore the tree metaphor and share creative expressions of acceptance, gratitude for the unique form of our bodies and our lives, and the many ways in which we get stronger and heal through connection with others.
