

# TAKE RECOVERY HOME

## Virtual Intensive Outpatient Programs for Students With Eating Disorders and Mood and Anxiety Disorders

**50%** of college students screened **positive for depression and/or anxiety** in 2020, while **two-thirds** reported **struggling with loneliness and isolation**.<sup>1</sup>

With our virtual Intensive Outpatient Programs (IOP), students can remain in school while they receive the support they need to navigate life's stressors and build resilience in their everyday college lives.

### WHAT STUDENTS CAN EXPECT

Coverage by most **major commercial insurers**

Same proven treatment offered on-site from the **comfort of their dorm room or home**

**Specialized experienced care team** including licensed therapist, registered dietitian,\* consulting physician and care coordinator; **7,000+ patients** treated virtually **since 2016**

**Group therapy sessions** with the **same small peer group** and clinical team ensure optimal outcomes

Extensive **family involvement**, education and support

Robust **alumni network and resources** available post-treatment

## WHY OUR PROGRAMS ARE IDEAL FOR STUDENTS

- Convenience and flexibility helps students **receive treatment without leaving campus.**
- Focus on early intervention helps students **learn and practice skills** with support and accountability.
- Students have a safe space to **openly discuss mental health issues with their peers** and fully participate in healing.
- Recovery can be put into **practice in an everyday college environment** that includes triggers and roadblocks.

## WHAT OUR PROGRAMS INCLUDE

- Three 3-hour weekly groups including:
  - ✓ Evidence-based skills focused groups (DBT, ACT, ERP, EFFT)
  - ✓ Process-oriented group therapy
  - ✓ Nutrition groups include mealtime support, cooking classes and group meals to provide structure and accountability\*
- One weekly individual or family therapy session
- One weekly session with a registered dietitian\*
- Recovery Record mobile app tracks food intake, thoughts, emotions and behaviors\*
- Remote patient monitoring with numberless scale\*
- Weekly peer, alumni and caregiver support groups

*\*Eating disorder programs only*
